SET

SAFETY ENGLISH TEST

Helping to ensure that all personnel can work safely in English.

SET is an English Language competency test, designed specifically to assess the use of English in safety-critical industries.

A POWERFUL TOOL IN RECRUITMENT

SET is used by companies worldwide as a hiring tool, verifying a base-line standard of language ability amongst potential new hires.

LANGUAGE COMPETENCY AUDITS

SET can also be used as an auditing tool across a specific team or an entire workforce, ensuring that the benchmark to work safely in English is reached, and any training gaps are identified.

100% ONLINE & AVAILABLE ON DEMAND

Our test can be taken in any approved location, at any time. Speaking and writing modules are marked by specialist assessors. Test results are available within a few days.
