The project was aligned with India's National Education Policy to improve teaching of English and the English level of classroom using innovative online training.

A British Council funded digital innovation project promoting India / UK partnerships: Language Solutions & Dosti Foundation

Project Highlights

- 3-month study programme combining e-learning, live Zoom workshops and online COP
- Indian Lead Teachers selected and mentored as teacher trainers to 'cascade' training to peers
- Dedicated Moodle Platform for sharing resources
- Built the foundations of a sustainable, online community of teachers across Mumbai
- Accessible training on mobile phones for remote teachers

Feedback from Teacher

"I learnt lots of new techniques and activities to use in class with my students and now my classes are more fun and students are more motivated."
